RE: WOW BUTTER

DATE: 18/01/2011

A new product has come on the market to act as a replacement for peanut butter. **WOW Butter** is made with soya beans and has a similar taste and texture to peanut butter. **It is made in a 100% peanut, nut, gluten and dairy free factory.** WOW Butter has been accepted in schools as a replacement for peanut butter. It is not to be mistaken for peanut butter; it is acceptable to send WOW Butter sandwiches in your child's lunch.

WOW Butter is available at Valu-Mart in both creamy and crunchy. Please make sure you send the label to school with your child's lunch to make the school aware that the lunch is made with WOW butter.

Our school has also registered with the company for a fund raising opportunity. We will receive money for every "Pin #" sent to the school. The money will be used to subsidize our snack program. Please see attached letter for more information. You can also visit the website at www.wowbutter.com for more detailed information including their peanut free policy.

Please do not hesitate to contact me if you have any concerns.

Thank you for your continued support in the Catholic education of your children.

Yours in education

Mrs. Joanne Hoffman
